tbl: through the back loop.

Special techniques

Short rows - GSR (German short rows): Work to where the turn needs to be, turn, then slip the first stitch purl-wise with the yarn held in front. Bring the working yarn up and over the needle and down on the other side, pulling hard enough on the yarn to make the stitch on the needle look like a double stitch (the 2 legs of the stitch are visible). Continue row as pattern describes.

When working across the stitch that looks like a double stitch, work it as 1 stitch, either knitting or purling the 2 legs together, as the pattern describes.
