**M1R (Make 1 Right)**: from the front, lift the horizontal strand between stitches with the left needle and knit through the back loop.

**M1L (Make 1 Left)**: from the back, lift the horizontal strand between stitches with the left needle and knit through the front loop.

**tbl**: Knit or purl stitch through the back loop (twisted).

**Bobble**: Work in colour C, slip a stitch back on the left needle and work (k1, yarn over, k1 tbl) into this

stitch, turn, p1, yarn over, p1 tbl, yarn over, p1, turn, k1, k1 tbl, k1, k1 tbl, k1, turn, p2tog, p1, p2tog, turn, let go of colour C and continue in colour A, hold the yarn tight and work as follows: Slip 2 sts as if knitting them together, k1, pass the slipped stitch over. Continue knitting in colour A, holding the yarn tight for the first stitch after the bobble.

### Special techniques

**Changing colours:** When changing colour at the button placket, the yarns are crossed to avoid holes at the transitions. Place the "old" colour over the "new" colour, continuing in this colour so the strands automatically cross.

**Avoiding "a jump" in the stripes when changing colour:** Work the transition as follows: Work 1 round in the "new" colour, then, before working the first stitch on the 2nd round, lift the first stitch of last the round in the "old" colour up onto the left needle and knit it together with the first stitch in the "new" colour.

**Backward loop cast-on:** Form a ring in the working yarn with the long end (attached to the ball of yarn) over the end coming from the knitting, insert the right needle into the front of the ring and tighten the yarn to form a stitch.

### Directions for knitting

The vest is worked from the top down in stripes with bobbles along the raglan lines. The button placket is worked in 2 different colours.

The vest can be worn with either side out.

### Note

When changing colours in the stripes, let the colour not in use hang at the back at the work and let it follow up the side of the work to the next colour change. The same goes for the bobble yarn. Be mindful not to tighten the yarn too much when changing back to the colour.

Make 5 small balls of colour C. One ball is used for each raglan and one is used for the button placket.

### Neck edge

Cast on (81) 85 (91) 95 (101) sts on a 3 mm circular needle with colour B, in extension of these sts cast on another 6sts with one of the little balls in colour C. There are a total of (87) 91 (97) 101 (107) sts on the needle. The yoke is worked back and forth on the circular needle until the button placket is finished, then the work is joined in the round.

End:

7. Insert the needle from front to back and right to left in the first bound off stitch.

8. Work at pt. 6

All sts have been bound off. Weave in the end.

#### **Finishing**

Sew in the buttons. Weave in all ends. Gently wash the finished work as instructed on the yarn label and lay it on a flat surface to dry.
