

Langelinie - a gorgeous sweater

Design: Ditte Lerche

Langelinie was created as a variation of our very popular design Kastellet. The design is worked in a bulkier yarn and with a wider neckline and gorgeous large, puffed sleeves. The colour was chosen by the designer because it reminds her of new grass and the feeling of spring in the air.

Directions for knitting

The sweater is worked from the top down with a round yoke and a simple eyelet pattern. After the yoke has been knitted, the work is divided into sleeves and bod and each section is finished separately. The Italian cast-on method is used to create the wide neckline. If you prefer a firmer and more close fitting neckline than the one in the photos, cast on using the long-tail cast-on method.

Yoke

Cast on 56 (56) 57 (58) 59 sts with a length of scrap yarn on a 4,5 mm circular needle and knit 2 rows. Break the scrap yarn. Change to Peruvian Highland Wool and purl 1 row. Do not turn, but join the work in the round. Purl 2 rounds.

Next round: *P1, insert the right needle below the chain running between the sts on the first row worked in Peruvian Highland Wool 3 rows below the sts on the needle, and knit this chain *, repeat from * to * until there is 1 stitch left, pick up the last chain 3 rows down and knit it together with the last stitch on the needle. There are now a total of 110 (110) 112 (114) 116 sts on the needle. P1, then place a marker for the beginning of the round. Continue in the round in k1, p1 rib until the rib measures 3 cm. Carefully remove the scrap yarn by cutting it free.

Change to a 5,5 mm needle and continue in the round in pattern:
