

# Chrysanthemum - a lovely shawl

Design: Rachel Søgaard

*The inspiration for this multi directional design is the colors of the yarn. This is your chance to play with colors and find the combination that suits you - or to knit a shawl that looks just like the one in the photos.*

## Shawl

### 1st part:

Cast on 3 sts with color A.

Work the following pattern:

Row 1 (WS): Sl1, knit to end of row, cast on 5 new stitches using the backward loop method, turn.

Row 2: K6, pass the 1st, 2nd, 3rd, 4th and 5th stitch over the 6th, yarn over, knit to end of row.

Row 3: Sl1, knit to end of row.

Change to color B.

Row 4: Knit to end of row.

Row 5: Sl1, knit to end of row.

Change to color A.

Row 6: K1, yarn over, knit to end of row.

Repeat these 6 rows until you have worked a total of 80 stripes in color B. End on Row 3. There are now 163 sts on the needle.

### 2nd part:

Now it's time to work in the opposite direction.

Change to color B.

Row 1: K1, yarn over, skp, turn.

Row 2: Sl1, knit to end of row.

Change to color A.

Row 3: K1, yarn over, k1, skp, turn.

Row 4: Sl1, knit to end of row, cast on 5 new stitches using the backward loop method, turn.

Row 5: K6, pass the 1st, 2nd, 3rd, 4th and 5th stitch over the 6th, yarn over, k2, skp, turn.

Row 6: Sl1, knit to end of row.

Continue in this way, knitting the a stitch from the 1st part together with one from the 2nd part at the end of each RS row until there are no more sts from the 1st part left.

**Bind off:** K2, \*insert the left needle through these 2 sts and knit them together, k2\*. Repeat from \* to \* until all the sts have been bound off.

### Special technique: Backward loop cast-on

Cast on new stitches by forming a backward loop around the needle.

### Finishing

Weave in the ends.

Rinse the work, put it through a (dry) spin cycle and lay it on a flat surface to dry.
